6 The Deputy Commissioner's letter to Government is silent on the question how to meet the charges on account of stipends to the pupil Midwives.

7 As regards the buildings, the Deputy Commissioner proposes to have accommodation for only 4 pupils, whereas I proposed rooms for 6, on the authority of the terms of contract entered into with the Government by the Wesleyan Mission. I still think provision should be made for 6 pupils, as Mandagadde will be the first and one of the foremost centres of training in the malnad.

8 Regarding the estimates themselves, my figure for a double block of quarters for 2 Midwives (Rs 2000) exceeds that given by the Deputy Commissioner (Rs 1770) by Rs 230/-. But I have provided for veranda all round, a requisite most necessary in the malnad, as a protection from the inclement weather.

9 The question of funds is one that has to be decided by Government after considering how much the District Board may be able or called upon to contribute.

Letter No. 5153 dated 28-5-1914 from the Senior Surgeon, Mysore Government, to the Deputy Commissioner, Shimoga.

With reference to para 4 of Government Order No. 11741-3 Med. 79-13 dated 21st May 1914, sanctioning a grant-in-aid of Rs 5000/- to the Wesleyan Mission for the construction of a Maternity at Mandagadde, I have the honor to state that it is advisable to have accommodation provided for the maximum number of pupils (six.) It may perhaps be convenient to have the 6 rooms (each 8' x 8') constructed in three separate blocks of 2 rooms each, with a 4 feet verandah all round- also a separate kitchen (6' x 8') and bathing room (6' x 4') for each Midwife, to meet the sentiments of the pupils of the different communities, from which the selections may be made.

2. According to the rough estimate sent by the Executive Engineer, Shimoga Division, for similar buildings at Sagar, Kallurkatte, etc., the proposed buildings will cost about Rs 10,500 as noted in the margin.-

Midwives' quarters- 3 blocks of 2 rooms each @ Rs 2000/- per block.	Rs 6000.
6 Kitchens @ Rs 724/- each..	" 4344.
Latrines	" 156.
Total Rs	10500.

3. Like Victoria Memorial Fund Pupils, a scholarship of Rs 10/- per month will have to be given to each of these Pupil Midwives during the course of their training (one year.)

4. I request you to favour me, as early as possible, with your suggestions as to how the cost of construction of the buildings and of the scholarships, can be met.

17 How are the stipends of midwifery pupils now met for training in the 'Maternity Hospital' at Bangalore met? I suppose the same principle will have to be followed in the case of the stipends. As regards the cost of the building to be constructed for providing quarters for midwives, the amount viz Rs 10,500 is excessive. I do not think that we shall be justified in incurring so much permanent expenditure for the sake of training 6 pupils. Perhaps it may be possible to enter into some arrangement with the Municipal Authorities whereby we may secure

Sir,

Adverting to para 6 of my letter No. 184 of 3rd February 1914, in the matter of providing accommodation for midwives to be trained at the Wesleyan Mission Maternity Hospital at Mandagadde, Thirthahally Taluk, I have the honour to forward herewith for the information of Government, a copy of my letter No. 1842 dated 30th March 1914 to the Executive Engineer, Shimoga Division, and that officer's reply No. 630 dated 11th May 1914, with which he has forwarded designs and rough estimate for the construction of midwives quarters.

If

4. If administrative sanction to the project is accorded, the necessary detailed plans and estimates might be obtained and sanctioned in the Public Works Department at an early date, so that the quarters may become available for occupation about the same time that the hospital is opened.

Each midwife may be given one room about 10 feet square. There may be 2 or 3 kitchen blocks to provide accommodations for different castes. There should also be convenience for bathing and latrines.
